V.S.B. ENGINEERING COLLEGE
(AN AUTONOMOUS INSTITUTION)

ABOUT THE COLLEGE

Shri.V.S.Balsamy, B.Sc., L.L.B., a leading luminary, has 31 years of bright standing in the field of law. He is the recipient of "Indira Gandhi Sadhbavana Award" from Global Economic Council, New Delhi. He was also honoured with " The Best Humanitarian Award" in 2005.

He is the Founder Trustee of V.S.B. Educational Trust, built in the year 2000. He initiated the education foundation and established engineering Colleges named V.S.B. Engineering College, Karur and V.S.B. College of Engineering Technical Campus, Coimbatore. As the Chairman of V.S.B. Group of Institutions, he lays emphasis on 'Hard work', and Strongly believes that 'Hard work is the key to success', it is conceived as the motto of the Institutions.

⋘ QUALITY POLICY ⋙

We strives to achieve academic excellence by futuristic outlook in the fields of Engineering and Technology in a well-disciplined environment through

- ✅ Commitment to continual improvement in all areas
- ✅ Upgradation of infrastructure and human resources
- ✅ Involvement of people at all levels

100% Admissions in both GQ & MQ in TNEA 2024

VISION OF THE COLLEGE

We endeavour to impart futuristic technical education of the highest quality to the student community and to inculcate discipline in them to face the world with self-confidence and thus we prepare them for life as responsible citizens to uphold human values and to be of service at large. We strive to bring up the Institution as an Institution of Academic excellence of International standard

MISSION OF THE COLLEGE

We transform persons into personalities by the state-of-the-art infrastructure, time consciousness, quick response and the best academic practices through assessment and advice.

WORDS FROM CHAIRMAN DESK

Our Institution, a temple of learning and a hallmark of discipline, treads towards the zenith of glory by preferring the education of global standards in the best quality and variety, and substantiates to be a benchmark among all the colleges in India.

- Shri.V.S.Balsamy, B.Sc., L.L.B.,

"Innovation is often born from simplicity" - Grace Hopper

ABOUT DEPARTMENT

Computer Science and Business Systems (CSBS) is an undergraduate engineering program introduced by AICTE in collaboration with Tata Consultancy Services (TCS) to bridge the gap between core computer science and the evolving demands of the business world. Unlike traditional computer science courses, CSBS integrates technical knowledge with essential business concepts, preparing students for a dynamic industry environment. The curriculum covers key areas such as data structures, artificial intelligence, machine learning, and cybersecurity, alongside business-oriented subjects like financial management, business analytics, and entrepreneurship. This interdisciplinary approach equips students with the skills needed to understand, develop, and manage IT solutions within a business context. As a result, CSBS graduates are well-prepared for roles that require both technical expertise and strategic business thinking, making them highly valuable in today's competitive job market.

INTAKE

✅ **B.E. in Computer Science & Business Systems - 60 Seats**
Started with 60 seats in 2022

"Where logic meets leadership — that's where CSBS thrives."

VISION OF THE DEPARTMENT

To produce industry-ready Computer Science and Business Systems professionals with strong human values to serve the nation.

MISSION OF THE DEPARTMENT

1. Offer an updated IT curriculum balancing theory and hands-on experience in areas like programming, databases, networking, and cybersecurity.
2. Develop students' soft skills (communication, teamwork, leadership) through workshops and activities.
3. Promote research and innovation among students and faculty, supporting projects and conference participation.
4. Embed ethical values and social responsibility, encouraging community service and sustainable.

PEOs OF THE DEPARTMENT

1. Choose and specialize in an engineering field aligned with personal interests and market needs to gain deep expertise.
2. Commit to continuous improvement by seeking feedback, learning from failures, and upgrading technical and professional skills.
3. Strengthen problem-solving abilities through analytical thinking, logical reasoning, and hands-on experience to address industrial challenges effectively.

"Debugging is twice as hard as coding" - Brian Kernighan

PSOs OF THE DEPARTMENT

1. Addressing societal problems through design and development of software and firmware solutions using latest Computer Science tools and technologies.
2. Involving enthusiastically in software development, software testing, storage, computing and business intelligence sectors.
3. Use their technical expertise in latest technologies and update their knowledge continuously in Computer Science and Engineering to excel in their career.

MOUs OF THE DEPARTMENT

PROFESSIONAL MEMBERSHIP

"Simplicity is prerequisite for reliability" - Edsger W. Dijkstra
